Most Filters Cleaned
in less than an hour

Scheduling Regular
Preventative Maintenance
reduces...

Downtime • DPF Failure
Runaway Fuel Costs

Cleaner DPF = Longer Filter Life

Efficiency

When properly cleaned, DPFs will not only improve the performance of your engine, but will also reduce downtime and fuel usage.

Durability

This State-of-the-art equipment provides the most proven cleaning method available. Gregory's Fleet offers this as part of our Preventative Maintenance Service.

Reliability

Proper DPF Cleanings will increase the life of your filter eliminating replacement costs.

Gregory's Fleet Supply is one of the few Service Providers in the Tidewater Area to offer preventative DPF Cleaning
